9. On 25 November, the Train Kaserne was occupied by troops who wore red-bordered black epaulets with motor transport insignia. On 13 November, about 20 soldiers marched into the installation.
10. On 25 November, no training activity was noticed in the barracks installation in Leipzig-Heiterblick. A T-34 tank and 2 armored personnel carriers were seen in the billeting area. Soldiers practiced with side-car motorcycles in the training area.

11. all officers and physicians of the garrison hospital would be transferred back to the USSR, and most of the officers had already packed. However, the order was cancelled and those officers already under way were called back. The officers will have their families from the USSR join them. Schools will be established Colonel Shilak (phonetic spelling) (fnu) was promoted to the rank of major general and, allegedly, reassigned to the general staff in Moscow. Nothing could be determined regarding the successor.
- Senior Lieutenant Kirushkin (phonetic spelling) was presumably employed in the administration of the hospital. The number of about 35 German employees at the hospitals was to be brought up to 185.

1. 25X1

2. Comment. A motor transport unit or medical unit is presumably quartered in this section.

3. Comment. the occupation of the barracks installation has apparently not changed.

25X1

4. Comment. The statements on weapons are indications that the 94th Gds RL Regt of the XXIX Gds Mtz Rifle Corps and the 19th Gds Mecz Regt of the 8th Gds Mecz Div are stationed there. The unidentified medium AAA regiment of the 13th AAA Div which is also carried there has for a long time not been confirmed by the observation of AA guns. However

25X1

the regiment can still be carried as stationed in Leipzig.

5. Comment. According to other reports the term of service for Soviet officers in the Soviet Zone of Germany has been prolonged from 3 to 5 years.
